In addition to the main RECOFTC website, we will also migrate the Voice for Mekong Forests (V4MFN) project site into the new rebuild. Key details about the V4FMN site include:

- URL: https://voices4mekongforests.org/
- Language: English
- Current CMS: Mirrors RECOFTC's main site (Drupal 10.3)
- Content to migrate: 131 publications (some with external links; RECOFTC publications need not be migrated) and 45 stories and news items (some with external links, some from RECOFTC).
